### **Product Description**

## **WorldLawn 32" Walk Behind Mower - WY32X11HDE**

The Belt Driven Walk Behind represents cutting edge engineering and performance you can depend on. This model offers four different size options with a Honda engine that will provide each user with custom, peak performance. With this mower's efficiently designed handgrips and controls, designed to get those hard-to-reach places and a discharge, mulch or collect option, cutting grass has never been so easy.

- 2 year commercial warranty
  - Ergonomically designed hand grips and controls
  - Promote ease-of-use and operator comfort
  - Easy pull pin height adjustment on floating deck
  - Great for hard-to-reach, narrow spaces
  - Unique belt transmission system to guarantee long lifetime
  - Discharge, mulch, or collect
  - HONDA ENIGNE
-
